

LIFETIME MORTGAGES

Lump Sum Voluntary Payment Lifetime Mortgage 2-year Fixed Rate (until 30th November 2020)

At a glance

This is not a consumer advertisement. It is intended for professional advisers only.

What is it?

A Lifetime Mortgage which provides your client with a one-off lump sum and allows them to repay up to 10% of the initial loan amount each year without incurring an early repayment charge (ERC).

As these are voluntary repayments and can be made at any time to suit your client's circumstances, this product is not subject to any affordability assessment.

The 2-year Fixed Rate product is a variable rate product that has an initial fixed rate of interest until 30th November 2020 and on 1 December 2020, will revert to a variable rate based on the Consumer Price Index (CPI).

Who could it be suitable for?

A 2-year Fixed Rate may be suitable for clients who:

- Fully understand and are comfortable that the product has a fixed rate of interest until 30th November 2020, and then on 1st December 2020 will revert to a variable rate based on the CPI for the remainder of the lifetime mortgage
- Are accustomed to index-linked products and are prepared to take the considered risk that a variable rate proposition may cost them less longer term
- Understand that the CPI rate can go up as well as down
- Understand the concept of CPI and moving to a new loan after two years will incur an early redemption charge

A Voluntary Payment loan may be suitable for clients who:

- Have some concerns about the impact of interest roll-up and how this will reduce the equity in their property
- Have family with concerns about the impact of interest roll-up on their inheritance
- Like the idea of paying something off the debt but can't commit to regular payments
- Have a residual mortgage debt they wish to continue to pay down in retirement
- Are looking for flexibility in managing their finances in retirement

Lump Sum Voluntary Payment Lifetime Mortgage - 2-Year Fixed Rate (until 30th November 2020)
