

## **Funeral Funding Feature**

**In partnership with Co-op Funeralcare**

# Funeral Funding Feature

This feature is designed to help give you and your loved ones peace of mind at a very difficult time, by helping towards the cost of your funeral.

It allows for the proceeds of your policy to be paid to the funeral provider.

Co-op Funeralcare, our chosen partner for Funeral Funding will provide a contribution of up to £300\* towards your funeral costs.

You are only able to have one Funeral Funding option on an Over 50s policy, whether it is with OneFamily or another provider. Therefore, if you have Funeral Funding in place on another policy, you will not be eligible.

Funeral Funding is also not a funeral plan, so may not meet the full costs of your funeral. Please call us on **0800 028 1112<sup>^</sup>** if you have any questions.

## What if the Payout is not sufficient to cover the Funeral

If there is not enough money from the proceeds of the policy to cover the Funeral and expenses, the next of kin will need to make this up.

If there is an excess of money, after all funeral expenses have been paid, the remaining sum will be paid to the estate.

## If you change your mind

You can opt out at any time. To do so, please call us on **0800 028 1112<sup>^</sup>**.

## Death within the first two years of the Policy

If death occurs within the first two years of the policy, the Funeral Funding Feature will not apply. Instead, we will pay 150% of the premiums to your estate.

Funeralcare

\* A contribution of £300 will be applied to a Tailored Funeral, £125 to an Essential Funeral (a simple, lower cost option), and £50 to a Direct Cremation (an unattended cremation without a funeral service).
